

LET US TAKE CARE OF YOUR CORPORATE VOLUNTEERING AND TEAM BUILDING NEEDS

Women's Community Shelters (WCS) is an Australian charity working directly with local communities to set up crisis accommodation shelters and transitional properties for women and children experiencing homelessness and domestic and family violence.

A leading organisation in both the domestic violence and homelessness sectors, our expert staff bring a wealth of knowledge and expertise to facilitating the workshops, and will be on-hand to offer professional support and guidance.

WCS OFFERS A NUMBER OF CORPORATE VOLUNTEER OPPORTUNITIES AS DETAILED BELOW:

HELPING HANDS

WCS will mobilise a team of your volunteers to carry out gardening, painting or minor repairs to the exterior of one of our transitional properties. It's a 'backyard blitz' type of event where staff get out of the office, get hands-on and give back.

ART ATTACK

WCS will host a creative art session at your office, where your staff try their hand at becoming a mini Monet or possible Picasso! No experience necessary, just a willingness to take part and get creative in a fun and relaxed environment.

ALLIES IN ACTION AVAILABLE NATIONWIDE!

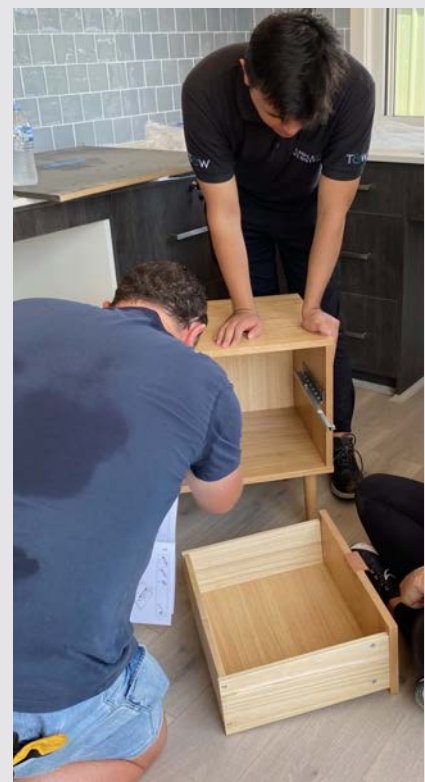

'Allies in Action' is a fun, fast-paced and highly interactive session that promotes teamwork, a deeper understanding of WCS' work and provides tangible activities to support the women and children in our shelters.

The staff at WCS could not have been more welcoming and we were given some background to WCS and the crisis accommodation they provide.

Our day was spent assembling flatpack furniture which was good because it was work that needed doing so that the unit would be habitable. The day was good for corporate bonding, and there was a sense of achievement at the end of the day.

"The volunteer experience with Women's Community Shelters was not only a great day of team bonding, but a fulfilling and inspiring experience to hear from a group of women who put so much time and effort into helping women and families in difficult situations.

I loved every moment of the day - especially at the end when we heard stories about the children coming through the shelter who'd receive a gift, like their very first bike."

I thoroughly enjoyed the opportunity to be part of such an important project, to give back to the community, and to work with my hands for the day.

Working as a team on physical things, also added a dimension of team building which you can't get in standard day to day interactions. The people we met and worked with were like minded and friendly, and the team was looked after really well by the staff onsite. I would gladly volunteer again.
